

49th MidAmerican Regional

Astrophysics Conference

AAS Regional Meeting

BENEDICTINE
COLLEGE

ATCHISON, KANSAS

April 12/13, 2019

1020 North 2nd Street, Atchison, KS 66002

All professional scientists involved in **teaching and/or research** in **astronomy/astrophysics/space science** are cordially invited to present papers in **ANY** field of **astronomy, astrophysics, or space science**. **Students are especially welcome**. Advanced amateurs are also invited to attend.

INVITED SPEAKER
DR. ALLISON KIRKPATRICK
University of Kansas

Dr. Kirkpatrick is a recent addition to the Astronomy program at KU. She specializes in observational extragalactic astronomy, particularly the discovery and role of supermassive black holes in galaxy evolution.

Conference Registration begins at **12:00 PM Friday, APRIL 12**
Friday, April 12 Session begins **1:00 PM**
Saturday, April 13 Session begins **10:00 AM**

CALL FOR REGISTRATION, PAPERS, AND SUBMISSION OF ABSTRACTS

If you either intend to **present a paper** at the meeting or simply
plan to attend as a participant, please complete the
on-line registration form at

<http://physics.ku.edu/marac>

The conference presentations are composed of **15-minute contributed talks** (including questions) and **posters** following the same format as AAS meetings. If you intend to present a talk or a poster, when completing the on-line registration form, **please submit your paper title and abstract**, with authors and institutions **BEFORE**

WEDNESDAY, MARCH 27, 2019

When completing the on-line form, please be sure to note any restrictions on when you can arrive or need to leave. Titles and abstracts will be posted on the MARAC site as they become available.

Registration fee: \$25.00

\$10.00 STUDENTS

SOFTWARE DEMONSTRATIONS

Computer software demonstrations – scientific or educational - can be informative. You are encouraged to bring along any that you would like to show. Contact Bruce Twarog (btwarog@ku.edu) if you would like to demonstrate software that may require unusual hardware/AV capabilities.

Maps and directions for reaching the Benedictine campus can be found at the MARAC web site. In addition, links to a range of hotel/motel accommodations can also be accessed at the meeting web site.
