

This demonstration consists of a tape cassette, a set of sixteen 2" x 2" slides, and a "Supplementary Booklet". They are all stored in a purple box that looks like a book which is labeled

#### AUDIO LEARNING

Track A  
The Basis of Quantum Theory, Part I

Track B  
The Basis of Quantum Theory, Part II

Sir Rudolf Peierls and B. Woolnough

Play Track A (approximately 28 minutes) and then play Track B (also 28 minutes) while showing the slides. The text tells you which slide should be exhibited.
